**Why Pine?**

Our 100% Solid Pine boards provide a timeless look that is reliable & affordable. Pine is flexible but resilient & develops character as it ages, enhancing its charm. Soft yet durable, it is strong for its weight & resistant to twists or checks. Prestige Wood Product's prefinished pine boards are an ideal & economical choice for any wall or ceiling project. Maximize efficiency on your job site by saving time on installation & cleanup, while delivering superior results.
